

IS MY PHONE INFECTED?

ARGOS

Defensive cyber security for LEAs & Government Institutions

Top Solution SRL is an Italian software and R&D company founded in 2009.

Our team has **20+ years** experience in
Cybersecurity.

DETECTION

Is my smartphone **infected**? **ARGOS** is uniquely designed to detect **sophisticated malware**.

It achieves this by providing unparalleled insights **without installing** any app on your smartphones.

ARMORING

ARGOS transforms your regular Android and iOS smartphones into **secure phones**.

It prevents the most advanced **0-day attacks** and renders even the most complex malware **harmless**.

DEPLOYMENT

Versatile and tailored configurations using **off-the-shelf** hardware.

ARGOS offers a **wide range** of deployment options:

- On your premises
- On dedicated cloud servers
- On a stand-alone portable kit

TOP SOLUTION
